<b>PART I - SECTION C - DESCRIPTION/SPECS/WORK STATEMENT</b>
--

**C.1 GENERAL**

(a) Provide the services, as referenced below, in accordance with Paragraph C.2, Performance Work Statement (PWS), Beech 1900 Pilot Training.

(b) If the low offeror is an accredited college, the Federal Aviation Administration (FAA) desires college credits be offered to trainees successfully completing the proposed training; however, it is not a mandatory requirement. This will not be used as an evaluation factor.

**C.2 PERFORMANCE WORK STATEMENT – BEECH 1900 PILOT TRAINING**

The contractor is to provide initial and recurrent ground school, simulator and/or flight training to airline transport pilot standards for FAA pilots/inspectors in the Beech 1900 aircraft. Both initial and recurrent ground school classes conducted by the contractor shall address the differences between the Beech 1900C and Beech 1900D aircraft. Simulator and flight training may be conducted in either the "C" or "D" model as specified by the FAA. All vendors must bid on all line items requiring simulator training. Bidding on line items requiring flight in aircraft are optional but highly desirable. The training hours specified in the price schedule are minimums. If the contractor's FAA approved training program contains less time than the specified hours, the contractor shall supplement their approved program with additional ground school/simulator/flight training as necessary to meet the solicitation requirements. The contractor may, within the limits of their approved program, delete company specific training such as employee/customer relations, filling out company forms, or other items not related to the completion of the FAA type rating or proficiency check and substitute additional solicitation required training.

Students scheduled to attend initial qualification training conducted in 100% simulator shall meet prerequisites per Federal Aviation Regulation, which authorizes issuance of appropriate type rating without limitations. Otherwise, students will be scheduled in programs requiring flight.

When responding to this solicitation, the contractor is required to submit a copy of their FAA approved training program, along with proposed supplemental additions/changes. **The copy of the approved program submitted must include a course syllabus, including proposed additions/changes, in sufficient detail to determine compliance with the minimum hourly requirements of the solicitation.**

The FAA will make every effort to enroll two pilots/inspectors per class. This will allow concurrent training at the captain and first officer positions during simulator/training device periods. It should be noted that the minimum required simulator and aircraft times are per pilot/inspector. For example, during recurrent training, a requirement of 6 hours simulator time per pilot/inspector would mean a total of 12 hours of simulator required for a two pilot/inspector class. When the FAA enrolls one pilot/inspector per class, it is expected that additional supplementary training may be required. Some FAA pilots/inspectors may also need supplemental training time in order to meet minimum airline transport pilot standards. ***Supplementary training, if needed, must be approved in advance on a case-by-case basis by the Contracting Officer.***

**Training of FAA pilots/inspectors is not to be conducted between the hours of midnight and 6:00 a.m., including simulator/flight pre and post briefings.** A maximum of four hours simulator/flight instruction per day or eight hours of ground school per day per inspector class is permitted. To maintain continuity between simulator/flight training sessions, the contractor is requested to minimize the switching of simulator/flight instructors between sessions.

FAA personnel do not ordinarily operate the aircraft in which they are rated on a regular basis. Therefore, it is necessary that they receive the most complete review possible when attending recurrent training. If the contractor's approved program allows for a partial review of systems and procedures during successive recurrent training periods, it is required that the contractor supplement their approved program to achieve a complete review for FAA pilots/inspectors during each recurrent course.

FAA personnel are usually performing other job functions prior to assignment to training and normally do not have time to devote to pre-course study. Additionally, due to circumstances beyond the control of the FAA or the pilot/inspector, a pilot/inspector may be assigned to training with short notice. If the contractor's approved program requires pre-course study prior to the trainee's arrival at the contractor's training facility, the contractor is required to supplement their approved course to allow for required pre-course study to be accomplished at the contractor's facility after the pilot/inspector's arrival. Such ground instruction must either be classroom or computer based training in accordance with the General Training Requirements of the solicitation.

(a) The Federal Aviation Administration encourages direct communications and negotiations between the contractor and the contracting officer in an attempt to resolve contract disputes. In those situations where the parties are not able to achieve resolution at the contracting officer level, the agency favors the use of alternative dispute resolution (ADR) techniques to resolve disputes.

(b) The parties hereby agree that, prior to referring a contract dispute to the Office of Dispute Resolution as described in contract clause 3.9.1-1 "Contract Disputes", the parties will discuss whether they are willing to utilize ADR techniques such as mediation or nonbinding evaluation of the dispute by a neutral party. Upon receipt of a contract dispute from the contractor, the contracting officer will explore with the contractor whether the use of ADR techniques would be appropriate to resolve the dispute. Both parties must agree that the use of such techniques is appropriate, and agree to fairly share the associated expenses. If the parties do not mutually agree to utilize ADR to resolve the dispute, the dispute will be processed in accordance with the procedures set forth in clause 3.9.1-1.

**H.3 NOTICE OF CONTRACTOR TESTIMONY (SEPTEMBER 2006)****CLA.4555**

(a) The contractor shall notify the Contracting Officer promptly in writing of its intention, or the intention of its employees, subcontractors of any tier, or subcontractor employees, either voluntarily or under compulsion of competent authority, to provide sworn testimony on any matter related to or arising under the work required by and/or performed under, this contract. A delay caused by a strike or by picketing which constitutes an unfair labor practice is not excusable unless the Contractor takes all reasonable and appropriate action to end such a strike or picketing, such as the filing of a charge with the National Labor Relations Board, the use of other available Government procedures, and the use of private boards or organizations for the settlement of disputes.

<b>PART II - SECTION I - CONTRACT CLAUSES</b>
---

**I.1 ECONOMIC PRICE ADJUSTMENT - HOURLY  
FLIGHT TRAINING RATE (JAN 1997)****CLA.1025**

During the term of this contract, including any option years, the contractor shall be reimbursed or shall give credit to the Government for any increase or decrease in the actual price paid for the rental/lease of the aircraft in accordance with the paragraphs below.

(a) The contractor warrants that prices for flight training as stated in Part I, Section B, are at actual cost (as reflected in an aircraft rental/lease agreement), and do not include any amount for general and administrative costs, overhead or profit.

(b) The contractor further warrants that other prices in this contract do not include any allowance or contingency to cover increased costs for which adjustment is provided under this clause.

(c) Any such adjustment will be limited to aircraft rental/lease costs; it shall not include any additional amount for general and administrative costs, overhead, or profit. Examples of individual cost considerations that are customarily included in industry aircraft rental/lease agreements are:

- (1) value of the aircraft
- (2) fuel
- (3) maintenance (depending on age and condition of aircraft)
- (4) insurance
- (5) overnight charges, if applicable
- (6) costs of crew members of the lessors aircraft, if applicable.
- (7) other customary fees and charges as applicable, i.e. landing fees.

(d) Adjustments claimed for an increase in the aircraft rental/lease cost must have prior approval from the contracting officer (CO). Requests for adjustments shall be forwarded to the CO as soon as possible after the contractor receives notice of any increase. Requests must be accompanied by supporting documentation, i.e., current rental/lease receipts or agreements and new rental/lease receipts or agreements. Subsequent invoices should be documented with the CO's name and date approved.

(e) Decreases do not require prior approval; however, the CO shall be notified at the earliest possible date. Any adjustment, either increase or decrease, that involves a change in the location of the flight training requires immediate notification and approval by the CO.

(f) In order to minimize the administrative burden on both the Government and the contractor, claims for adjustments of less than \$100 shall not be considered for approval under this provision. This \$100 refers to the aggregate or total adjustment per pilot/inspector (or per class if contractor requires it) billing for flight training.

(g) Each adjustment is considered a separate action. The CO's approval on one action must not be interpreted to be a blanket approval for other actions.

(h) The contractor shall include with the final invoice a certification that the contractor (1) has not experienced a decrease in the aircraft rental/lease rate, or (2) has adjusted appropriate invoices to show such decreases in the aircraft rental/lease rate.

(i) The CO or an authorized representative shall, until the expiration of 3 years after final payment under the contract, have access to and the right to examine any directly pertinent books, documents, papers and records of the contractor.

(j) The contractor shall not obtain aircraft required in the performance of flight training hereunder from any parent firm, subsidiary firm, or contractor-owned subsidiary firm wherein the contractor, its officers and/or directors, own 10 percent or more of the corporate stock or interest therein, without first obtaining approval of the CO.

**I.2 AVAILABILITY OF AIRCRAFT / SIMULATOR (NOVEMBER 2006)****CLA.1029**

(a) Should the aircraft/simulator intended for training purposes under this contract become unavailable, the contractor shall review all available aviation-related sources to acquire a replacement aircraft/simulator. Competition shall be sought to the maximum degree possible. The contractor shall make all reasonable efforts to acquire a replacement aircraft/simulator within 45 days of the date that the original training aircraft/simulator became unavailable. If the contractor is unable to acquire another aircraft/simulator that is acceptable for flight training, the contractor shall notify the contracting officer and furnish the same with a written summary of:

- (1) the contacts made by the contractor in seeking a replacement aircraft/simulator, and
- (2) the responses to inquiries made by the contractor.

Upon the contractor's notification to the contracting officer, the FAA may likewise review alternative sources for a suitable replacement, suggest possible sources to the contractor, and/or furnish an aircraft/simulator as Government-Furnished Property (GFP).

(b) The inability of the contractor to acquire a replacement aircraft/simulator, following the exhaustion of all reasonably viable sources, shall be regarded as beyond the control of the contractor and not due to negligence on the part of the contractor, and will not be a basis for termination of the contract for default. If this situation does occur, the Government will have the following options:

(1) Continue the contract with ground school and simulator training at the rates specified in Part I, Section B, less all costs associated with the flight portion of the training (e.g., aircraft/simulator rental/lease, flight instructor, etc.).

(2) Terminate the contract for convenience in accordance with AMS 3.10.6-1, Termination for Convenience of the Government (Fixed-Price) as applicable in Part II, Section I. Termination for convenience due to aircraft/simulator unavailability shall not be a basis for claims for compensation other than that already owed to the contractor for training completed prior to termination.

**I.3 ORAL AND WRITTEN TELECOMMUNICATION ORDERS (JAN 1997)****CLA.1035**

Oral and written telecommunication orders are authorized. This method of ordering shall be used to fulfill emergency requirements and will be followed by a written order.

**I.4 ECONOMIC PRICE ADJUSTMENT - FUEL (JAN 1997)****CLA.3009**

(a) The contractor shall be reimbursed or shall give credit to the Government for any increase or decrease by the actual price paid for fuel, which varies more than plus or minus five percent from the price per gallon specified below. The base price and actual price(s) paid per gallon of fuel used in the performance of this contract shall be substantiated by contractor's fuel supplier invoice(s) or other documentation that will support the fuel price. The amount of the adjustment will be computed on the basis of the number of gallons per hour (gph) shown in (b)(2) below multiplied by the number of hours used in the training.

(b) The following information which, shall be used for both increases and decreases, shall be provided at the time offers are submitted and when negotiations are completed, if applicable:

(1) In-plane Price per Gallon of Fuel \$ \_\_\_\_\_

(2) Number of gph utilized in training \_\_\_\_\_

(c) At the time of invoicing for the training, the following substantiating data along with the contractor's fuel price documentation shall be submitted to the addresses shown in the clause entitled "Additional Invoicing Procedures With Fuel Economic Price Adjustment:" contract number, delivery order number, aircraft model, name(s) of the FAA pilots/inspectors trained, date(s) trained, in-plane fuel cost per gallon, and the actual gallons of fuel used.

(d) The contractor shall include with the final invoice a certification that the contractor (1) has not experienced a decrease in the In-Plane Fuel Cost Per Gallon, or (2) has adjusted appropriate invoices to show such decreases in the In-Plane Fuel Cost Per Gallon.

**I.5 RISK AND INDEMNITIES (DEC 1997) 1252.228-72**

The Contractor hereby agrees to indemnify and hold harmless the Government, its officers and employees from and against all claims, demands, damages, liabilities, losses, suits and judgments (including all costs and expenses incident thereto) which may be suffered by, accrue against, be charged to or recoverable from the Government, its officers and employees by reason of injury to or death of any person other than officers, agents, or employees of the Government or by reason of damage to property of others of whatsoever kind (other than the property of the Government, its officers, agents or employees) arising out of the operation of the aircraft. In the event the Contractor holds or obtains insurance in support of this covenant, evidence of insurance shall be delivered to the Contracting Officer.

**I.6 LOSS OF OR DAMAGE TO LEASED AIRCRAFT (APR 1984) 1252.228-71**

(a) The Government assumes all risk of loss of, or damage (except normal wear and tear) to, the leased aircraft during the term of this lease while the aircraft is in the possession of the Government.

(b) In the event of damage to the aircraft, the Government, at its option, shall make the necessary repairs with its own facilities or by contract, or pay the contractor the reasonable cost of repair of the aircraft.

(c) In the event the aircraft is lost or damaged beyond repair, the Government shall pay the contractor a sum equal to the fair market value of the aircraft at the time of such loss or damage, which value may be specifically agreed to in the clause "Fair Market Value of Aircraft", less the salvage value of the aircraft. However, the Government may retain the damaged aircraft or dispose of it as it wishes. In that event, the contractor will be paid the fair market value of the aircraft as stated in the clause.

(d) The contractor certifies that the contract price does not include any cost attributable to hull insurance or to any reserve fund it has established to protect its interest in the aircraft. If, in the event of loss or damage to the leased aircraft, the contractor receives compensation for such loss or damage in any form from any source, the amount of such compensation shall be: (1) credited to the Government in determining the amount of the Government's liability; or (2) for an increment of value of the aircraft beyond the value for which the Government is responsible.

(e) In the event of loss of or damage to the aircraft, the Government shall be subrogated to all rights of recovery by the contractor against third parties for such loss or damage and the contractor shall promptly assign such rights in writing to the Government.

**3.1.7-6 DISCLOSURE OF CERTAIN EMPLOYEE RELATIONSHIPS (OCTOBER 2006)**

(a) The policy of the FAA is to avoid doing business with contractors, subcontractors, and consultants who have a conflict of interest or an appearance of a conflict of interest. The purpose of this policy is to maintain the highest level of integrity within its workforce and to ensure that the award of procurement contracts is based upon fairness and merit.

(b) The contractor must provide to the Contracting Officer the following information with its proposal and must provide an information update within 30 days of the award of a contract, any subcontract, or any consultant agreement, or within 30 days of the retention of a Subject Individual or former FAA employee subject to this clause:

(d) The contractor must incorporate this clause into all subcontracts or consultant agreements awarded under this contract and must further require that each such subcontractor or consultant incorporate this clause into all subcontracts or consultant agreements at any tier awarded under this contract unless the Contracting Officer determines otherwise.

(e) The information as it is submitted, must be certified as being true and correct. If there is no such information, the certification must so state.

(f) Remedies for nondisclosure: The following are possible remedies available to the FAA should a contractor misrepresent or refuse to disclose or misrepresent any information required by this clause:

(1) Termination of the contract.

(2) Exclusion from subsequent FAA contracts.

(3) Other remedial action as may be permitted or provided by law or regulation or policy or by the terms of the contract.

#### **3.3.1-33 CENTRAL CONTRACTOR REGISTRATION (APRIL 2006)**

(a) Definitions. As used in this clause

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Registered in the CCR database," means that the Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database.

(b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

An offeror may obtain a DUNS number

- (i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://www.dnb.com/>; or
- (ii) If located outside the United States, by contacting the local Dun and Bradstreet office.
- (1) The offeror should be prepared to provide the following information:
  - (i) Company legal business.
  - (ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.
  - (iii) Company Physical Street Address, City, State, and ZIP Code.
  - (iv) Company Mailing Address, City, State and ZIP Code (if different from physical street address).
  - (v) Company Telephone Number.
  - (vi) Date the company was started.
  - (vii) Number of employees at your location.
  - (viii) Chief executive officer/key manager.
  - (ix) Line of business (industry).
  - (x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance T3.10.1.A-8, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

- (A) change the name in the CCR database;
- (B) comply with the requirements of T3.10.1.A-8; and
- (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the Internet at <http://www.ccr.gov/> or by calling 1-888-227-2423, or 269-961-5757.

### **3.3.1-34 PAYMENT BY ELECTRONIC FUNDS TRANSFER-- CENTRAL CONTRACTOR REGISTRATION (OCTOBER 2005)**

#### **(a) Method of payment.**

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either—

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) Contractor's EFT information. The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) Suspension of payment. If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract-financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

#### **(e) Liability for uncompleted or erroneous transfers.**

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for—

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and—

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds;

or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.
